

THE **11.15.18**
NATIONAL
CONVERSATION
ON BOARD
DIVERSITY

On November 15th, business leaders across the U.S. will meet to discuss the importance of diversity in the corporate boardroom, with the theme:

Collaborating with All Companies to Increase Board Diversity

Please join us on the beautiful campus of the University of San Diego for an evening of networking and discussion. You will learn about the new California law requiring companies headquartered in the state to have female directors (SB 826) and the current state of board diversity at San Diego public companies. You will also hear from experienced directors about their path to the boardroom and the benefits of having a diverse board. You will walk away with actionable ideas for enhancing your candidacy for corporate board seats and what the current focus on board diversity means for your company.

What:

- Networking Reception with Drinks and Hors d'oeuvres
- Presentation on the Current State of Board Diversity in San Diego and the New California Law Requiring Women on Boards (SB 826) by Annalisa Barrett, Lecturer, USD School of Business and CEO of Board Governance Research LLC
- Women on Boards Panel Featuring Denise Jackson, Chief Legal Officer & Corporate Secretary of AMN Healthcare and Director of Tractor Supply Company; Kimberly Alexy, Director of CalAmp, FireEye, Five9, and Alteryx; and Vickie Capps, Director of NuVasive, Otonomy, Connecture and OmniGuide; Moderated by Teresa Jacques, Partner, Board Practice, Major Executive Search
